 Nike Historical Society P.O. Box 602 Alameda, CA 94501-8602

The Society has requested to become a park partner with the Everglades National Park, with our primary focus on Site-69. The benefits of becoming a park partner with us is that the Society will place more focus on whatever the NPS in that area desires for the site, be it financial assistance, acquisition of available equipment, historical and/or technical knowledge.
